

Snug Cove Master Plan - Community Comments Form

'eco-village in the park'

Community Open House
November 3, 2007

1. Please comment on the Ferry Marshalling Alternatives proposed in the presentation.

2. Do you believe Bowen Island is currently a sustainable community? If not, how should the master-plan address the Islands' shortfalls in the regard? Comment specifically on transportation, building design, infrastructure, and travel distances to services and amenities.

3. Do you believe that the Cove should have a growth boundary?

4. The Island can legally receive approximately 3000 additional residents under current regulations. Where should those homes be located on an Island wide basis? On a Cove wide basis?

5. Do you believe that attempts should be made to reduce vehicular traffic on the ferry, through the creation of a diverse mix of employment, housing and amenities in the Cove, that ensures that more people have an option to meet their life needs on Island? Please comment.

4. General Comments:
